

Merry Christmas

Win a family membership valued to \$90.00

We need a great slogan for the State Election in March 2018. The **slogan** should summarize the essence of the campaign in a single phrase. We invite you to submit a slogan for the campaign, if your entry picked to be used for the campaign you win a family membership to the amount of \$90.00.

Examples of a slogan:

Honesty in politics

Keep up the fight or give up the right.

Email your entry to lbennett@sff.net.au with your name and address by the 5th January 2018. Winner announced at Annual Conference.

Annual Conference Shooters, Fishers & Farmers Party Tasmania. January 2018, day and venue TBA

Program will include:

- Interstate speakers
- Meet your candidates
- Raffles
- Merchandise for sale

WARNING:

Please make sure you know when your Firearm Licence expires and reapply about a month in advance. We are hearing horror stories where the guns have been seized and the owner having to go through the course again at their cost.

There is a rumour going around that the SFFP Tas will be giving the Greens preferences at the State election!. As Secretary of Tasmania Party I can tell you this is not the case and will never be the case.

Plans for 2018

Win a seat or two at the March State Election

- Do you think you can do better than the current bunch of professional politicians? Give me a call as we have a few vacancies for candidates.
- Volunteers required for flyer delivery, core flutes placement.
- We are requesting donations to assist with funding this campaign.

Minister Hidding said all firearms owners are happy with the new storage laws. This is not the case according to the complaints we are getting. If you have had any issues from Firearm Services regarding your storage we want to know. To assist you we need dates, names and a clear narrative of what transpired. Hidding also said stolen firearms were being used in crime. However when these stats have been requested the information can't be provided. So where does Hidding get this information from!

Ken Orr, Vice Chair of Shooters Fishers & Farmers Party was invited to attend the "Planning for a Blue Future Salmon Conference" this week.

The aims of the Conference were to set a foundation for a "Global Salmon Symposium" in 2018.

Salmon experts from all over the world attended the planning conference, running workshops on all areas of salmon farming.

From this, a "Paper" will be published early in the new year, which will be the basis of the 2018 "Global Salmon Symposium" to be held in Hobart.

Ken learnt a lot more on biosecurity, fish diseases and transfers, land based salmon farming, and deep water Farming, just to mention a couple of areas.

Hopefully SFFP will be invited to attend both the green paper release, the Salmon Symposium, as we have much to learn, and much to offer in forming education based policy, for the future of SFFP, our wild fisheries, and aquatic environment.

Question: What do you want for Christmas?

Answer: To keep my outdoor lifestyle

Action: Vote 1 Shooters, Fishers and Farmers at State Election 2018.
